

## ***Community activity, fundraising for great student activities. (2019 Program)***

**What is the A4A program?** The A4A program is a parent-driven initiative for new and diverse activities for GSHS students. Parents hosting activities for other parents, students and the community to raise funds. The program taps into the skills and interests of the community to for entrepreneurial leadership, creativity, innovation, and wellbeing. Watch the [video](#). Or [See school website](#).

**How does it work?** In brief, parents (or others) volunteer to run “activities” for parents, students and/or, staff. Activities can be run anywhere, including at school. A small per-person fee is paid by participants. The activities are as diverse as human interests: DIY gift-making, wood-fired pizza, gardening, bicycle maintenance, yoga, cricket, soccer game, programming for kids, pottery, photography, i-phone skills, treasure hunts are all possible.

**How is money raised?** Costs are covered by the activity. Sometimes school resources/facilities enable the activity. Sometimes local business may support activities. A good example is the Gap Ninja Warrior 2017 night where 60 participants raised over \$700, with support from Moon Lee Tae Kwon-Do and Ritual HQ Gym Watch the [video](#). The P&C approve activities, arrange insurance, support bookings, disburse collected monies, and report annually.
